DT601F Series Door Station

Flush mounting

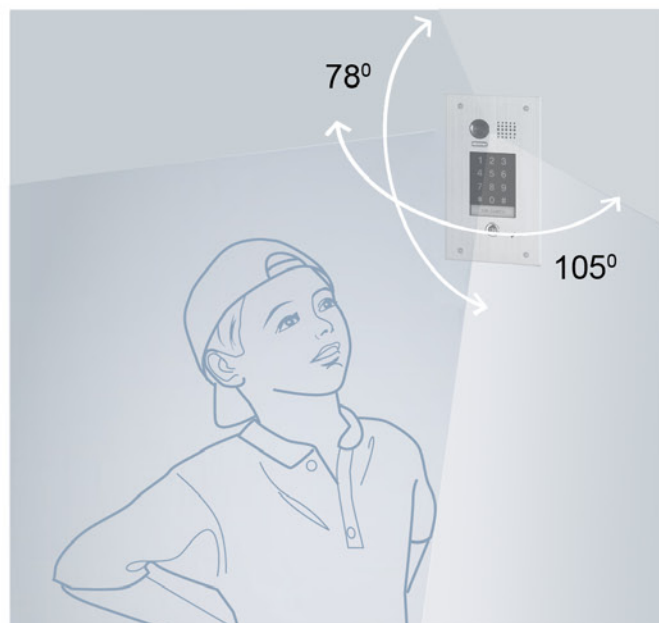

ADVANCED VIDEO DISPLAY

- NIGHT VIEW LED

The special night view LED will adjust auto according to the light, so the image looks for and illuminates detail even on the darkest night.

- WIDE ANGLE CAMERA

105 degree wide angle and high resolution camera.
* Support specific 170 degree fisheye camera.
Auto-sensor LED for backlight compensation.

ACCESS CONTROL FUNCTIONS

- KEYPAD ACCESS

- PROXIMITY ACCESS

- FINGERPRINT ACCESS

Advanced devices, perfectly integrated in terms of look with touch keypad, ID card & fingerprint, simplified management of activations, programming of residents directly on the device, without need for removal, or to use extra accessories.

Fisheye Lens

The door stations support specific 170° wide angle fish-eye camera to provide a view of the entire entrance.

With the fish-eye camera, it allows to identify everyone at the entrance and see individuals up close.
